Invitation

The Asian Symposium on Contamination Control 2023 (ASCC 2023) will be held from September 20 to 22, 2023, in Kanazawa, which is organized by the Japan Air Cleaning Association (JACA). We cordially invite you to participate in the International Symposium on Contamination Control.

The symposium will have the technical sessions related to the topics such as Cleanrooms (ICR, BCR), Standards, Facilities, Cleaning devices, Nano-technology, Sustainability, Safety. Especially, Infection control and healthcare, which we have struggled with in recent years, is one of the most important issues for contamination control. On the third day of the symposium, we will offer an attractive technical tour and excursion.

Kanazawa, the venue, is a historical and cultural city with many attractive sightseeing spots such as castles, old townscapes, and museums. Kanazawa in autumn is surrounded by beautiful nature.

We wish all participants of the ASCC 2023 have a pleasant stay in our country and an enriching experience both personally and professionally.

We look forward to meeting you at the symposium.

Sincerely,

Shuji Fujii
President
Japan Air Cleaning Association
(JACA)

Yoshihide Suwa
Chairperson
Organizing Committee ASCC 2023

Organizers

Japan Air Cleaning Association

Topics

- * ICR: Electronics, Semiconductor, FPD and other industry applications
